

TECHNICAL DATA

Adhesive:	Optically clear acrylic adhesive Semi-permanent (.75mil) on one side and Permanent (1mil) on the other side. (permanent side on inside of roll.)
Total Thickness:	3.75mil, 2mil optically clear polyester base.
Shelf Life:	2 years stored, in original packaging, in a cool, dry place. Avoid direct exposure to the sun and to a heat source.
Application:	<ol style="list-style-type: none"> 1) Be sure print is fully dried / cured. 2) Apply 1" strip to top and bottom of graphic. Permanent adhesive side to graphic. 3) Clean and degrease window thoroughly using isopropyl alcohol, before application. 4) Remove release liner and apply with squeegee to window.

For best results, trim full window graphic panels back from all window frames 1/16" to 1/8".

Optical color shift is easily avoided by printing a black strip where the tape will be applied.

pano^{Rama}Tape

Lower your installation and cleanup costs by
applying non-adhesive, perforated media
with panoRama Tape

panoRama Tape is an optically clear 2-sided application tape specifically designed to apply our non-adhesive, see-through **panoRama Film** to the inside of windows and is ideal for retail POP applications.

Apply the permanent side of the panoRama Tape onto the print side with a squeegee. (One strip at the top and bottom of the graphic.) When ready to install the graphic remove the liner from the removable side and squeegee onto inside of window display surface, allowing the image to be viewed from the outside.

- ◇ Available in 1"x200' rolls
- ◇ Ideal for retail POP applications
- ◇ Ideal for adhering perforated one-way see-through media to the inside of windows
- ◇ Acrylic based, transparent adhesive
- ◇ Impressive transparency on image
- ◇ Poster remains safely on inside of store
- ◇ No vandalism
- ◇ Can also be used for non-perforated posters.
- ◇ Minimal adhesive residue after removal
